The "A" player from Team 1 (A-1) will play the "A" player from Team 2 (A-2). (B-1) vs (B-2), (C-1) vs (C-2) and (D-1) vs (D-2). Each player's handicap will be deducted from their gross 9-hole score and the player with the lowest net score wins 1 point for their team. If we have an odd amount of teams, 1 team will play against par per week. In the case of a tie, the match will be halved and each team will receive a ½ point. In addition to the individual match points, there is an opportunity for 1 additional team point for the team with the low Net Total Score. In the event the teams are tied, each team would receive ½ a point. A total of 5 points are available in every league match. White tee will be used for Men / Red tee will be used for Women.

Teams playing against par will need to beat their handicap to get the individual point as well as the team points. Each player receives their full handicap. **Maximum Handicap is 14 and Low Handicap is Scratch.**

HANDICAP

If a player has previously played in an X-Golf League, their handicap and historical scoring information will be saved and can be used in the upcoming season.

If a player is new to X-Golf Leagues, he or she will need to record scores from a 9-hole round to establish their Handicap. It will be played on the Front 9 of Spyglass Hill. If no handicap has been established prior to the first league match, the player's handicap will be 80% of half of their CDGA/USGA handicap. After the completion of each round a new handicap will be calculated. **(add last two round scores divide by 2)**
